

Sample sites, updated 8.17.16

Ex. 6 Personal Privacy (PP)

Well #: NR728

Depth: 42ft.

Previous Well Tests:

NO3/NO2:

39.7 mg/L

41.7 mg/L

Ex. 6 Personal Privacy (PP)

Outdoor faucet not filtered is to the left of driveway near where driveway circles. [redacted] said she believes there may be some sort of screen in there but does not believe it is a filter. She said it is just fine to call her with questions.

Ex. 6 Personal Privacy (PP)

Well #: QS029

Depth: 33.2 ft.

No previous tests

Ex. 6 Personal Privacy (PP)

Intersection: Right at the corner of [redacted] Ex. 6 Personal Privacy (PP) Directly upgradient of one of the fields.

Sand point at approx. 30' with water softener. When you have an idea on when you will be arriving, please let [redacted] know. [redacted] can take [redacted] to areas on Petenwell that are easy access for testing and Rhonda will report back addresses when she has the information.

30 ft. well according to owner

Ex. 6 Personal Privacy (PP)

Intersection: **Ex. 6 Personal Privacy (PP)**

Downgradient of N18 and other fields more remotely, but with intervening property.
No filtration. If not at home, draw water from outdoor faucet. Nitrates are high.

Ex. 6 Personal Privacy (PP)

Intersection: just east of [redacted], roughly downgradient of field N18 and possibly other fields, with some intervening land

Near sloughs, Brown's Creek, and the Castle Rock/Petenwell flowage.

No filter system

Well samples and surface water samples obtainable

No direct contact made yet; confirmed through Shari Grass-Redfox, who says Dave Preston can let you in.

Ex. 6 Personal Privacy (PP)

Intersection: **Ex. 6 Personal Privacy (PP)**

Downgradient of fields N51, N52, N53, N54, among other fields

Well is 42' deep, does have direct access to Petenwell

On the water, can get surface water sample and well sample

Well #: SK977

43' deep

No previous well testing

Ex. 6 Personal Privacy (PP)

Nearest intersection is [redacted]

Downgradient of N10, N11, N14, N15, RDO4, with possibly one intervening field

Well #: LA071
67.6 ft
No record of previous well testing

Ex. 6 Personal Privacy (PP)

Nearest intersection is **Ex. 6 Personal Privacy (PP)**
Downgradient of N10, N14, N15, N11; no intervening land
Well #: LJ365
66 ft.
Previous tests at different location that I could not find a well log for. **Ex. 6 Personal Privacy (PP)**

Ex. 6 Personal Privacy (PP)

Downgradient of RDO14, RDO15, with some intervening land
Indecisive about testing: want testing done but want to be home when it's done. Lots of questions.
Gone Aug. 18-22.

Well #: QY385
Depth: 51.3
No previous tests

Ex. 6 Personal Privacy (PP)

715-572-1839
Closest intersection **Ex. 6 Personal Privacy (PP)**
Appears to be downgradient of RDO4, N14 but has a lot of intervening forest
Very knowledgeable about the area and wants to help.

Ex. 6 Personal Privacy (PP)

Located on G just north of the intersection with **Ex. 6 Personal Privacy (PP)** downgradient of fields RDO7, RDO8, RDO9, RDO10 with a small parcel of intervening forest.
Confirmed for water testing; well previously went dry, had to dig another

14) **Ex. 6 Personal Privacy (PP)**

Ex. 6 Personal Privacy (PP)

Just south of intersection with **Ex. 6 Personal Privacy (PP)**

Ex. 6 Personal Privacy (PP)

Well #: QP237

Depth: 53 ft.

No previous tests

Ex. 6 Personal Privacy (PP)

Closest intersection, **Ex. 6 Personal Privacy (PP)**

Possibly downgradient of RDO14/15 with some intervening forest/other property

Unknown if testing can be done at these locations but previous contamination has been found here:

1) **Ex. 6 Personal Privacy (PP)**

NO3/NO2: 30.7 mg/L (in 2012)

2) **Redacted** residence located on **Ex. 6 Personal Privacy (PP)**

23.9 mg/L (in 2012)

3) **Ex. 6 Personal Privacy (PP)** Residence, but not the location provided by **Ex. 6 Personal Privacy (PP)**

35.9 mg/L and 37.8 mg/L NO3/NO2 in 2012
